

TENDOACTIVE

TENDONS AND LIGAMENTS*

TENDOACTIVE¹⁵ is a food supplement based on type I collagen, chondroitin sulfate, vitamin C and manganese, which contributes to the normal formation of connective tissue such as tendons and ligaments*.

**Manganese contributes to the normal formation of connective tissue and the maintenance of normal bones. Vitamin C contributes to normal collagen formation for the normal function of bones and for the normal function of cartilage.*

INGREDIENTS

Glazing agents (gelatine, glycerine, colours (red and black iron oxides)), refined **soybean oil**, chondroitin sulfate, hydrolyzed collagen type I, vitamin C (L-ascorbic acid), emulsifier (**soy lecithin**), thickener (glycerol monostearate), manganese sulfate, vitamin E (D-alpha-Tocopherol).
